“My encounter with God was unexpected. My daughters were invited to a children's event in the park, which they loved. They wanted to attend every activity they held, and I was worried they would learn bad things. One day, there was an activity for the children to show the parents what they had learned. That day, I heard about the love of God and was impacted by how my daughters loved Jesus. At that moment, I understood how God loves me and gave everything for me. I made the decision to follow Him.”

“People in this community have experienced so-called prophets who have told them their future. They grew tired of always being told all will be well. Our JESUS Film team brought a different message to this community. People were happy to hear the pure gospel through the *JESUS* film. We visited many homes and explained the gospel adequately and confidently. People were very receptive. Many confessed their sins and gave their lives to the Lord!”

“Nirmal was one of 100 villagers who watched Jesus’ life through the film. He was ill and very happy to see Jesus heal the sick, so we prayed for him at his request. What a wonder of the Lord – Nirmal recovered as the film ended! He thanked God with great joy and requested we go to his house. We then preached the Word to his family. Nirmal said, ‘God is a great peacemaker, living Father, and true peace-giver!’ We have remained in regular contact and hope a church can be established through them.”

“After my wife passed away, I had a difficult time of mourning and never left the house. My daughters came to see me and helped me eat. I was so broken that one of my sons asked a pastor to visit me on Tuesdays. On the first visit, he showed us the *JESUS* film. The movie comforted me and made me reconsider my hopeless feelings. I realized what the Lord did for me is much more than my pain. Now I am enjoying his incomparable love.”

“We received Christ as our Savior after seeing the *JESUS* film. Many neighbors criticized us for our faith, and we faced many problems, including damage to our home. However, we experienced God’s comfort in our hearts. We trust in Jesus and pray every day. Unexpectedly, many Christians we didn’t know well volunteered to help us repair our home. This miracle helped us to understand God’s power. We now trust Him even more.”

“DENUEDO” AND FORCE MULTIPLIERS

A Reflection on Decades of Partnership

Jim and Emily Hoover

The JESUS Film Ministry Trip Jim Hoover and his wife, Emily, went on to a remote area in Mexico was nearly 20 years ago, but he remembers it like it was yesterday.

They traveled a windy, narrow road up a mountain to show the film. When the road stopped, they carried the reel-to-reel equipment – weighing over 200 lbs. – traversing their way to the village at the top via a steep goat trail.

What stands out in his mind is “33” – the number of people who dedicated their lives to the Lord following the film showings. One grandmother he met walked 26 miles with several of her grandchildren to give them an opportunity to hear the gospel!

But even more so, he remembers those who didn’t come forward during the altar call. Many watched the film while leaning against trees, almost hidden from view. As they watched, he observed their posture change from detached to captivated – some even crying. “I pray often for them,” he shared. He feels encouraged because he was able to witness the good follow-up done by JESUS Film teams while on the trip.

As a retired Air Force officer, Jim was drawn to JFHP when he realized the way teams were using the *JESUS* film and other tools was a “force multiplier” – “a factor that gives people the ability to accomplish greater feats than without it.” JFHP has worked with fellow Kingdom-building ministries to provide cutting-edge tools

and technology to teams. An entire collection of evangelism films and resources now fits on a single SD card! He said, “As technology grows, Christianity needs to grow with it. I’m so pleased with what [the ministry] has done.”

Twenty years later, Jim talks about the continued importance of obeying the Great Commission and still recalls the risks they took. He described these risks as “nothing compared to what [JESUS Film teams] are facing in the field.”

Jim also reflected on the Spanish word “denuedo,” meaning “dedication and boldness.” He uses denuedo to describe the JESUS Film teams he met in Mexico and the teams he reads reports from around the world today. He said he prays for the teams and provides financial support because, “They are absolutely dedicated. They have a humility that’s combined with good leadership. They’re excited about what they’re doing and they’re out to tell everybody about Christ!”

2024: CONTINUED EXPANSION

This year, 1,166 teams are working in 67 countries — more than we've ever had before!

In 2024, teams launched in Guinea-Bissau for the first time ever, and in Lesotho – a place we haven't been to in decades! These teams travel by foot, boat, and motorcycle to share Jesus. More *teams* in more *places* means more *people* will hear the gospel!
